Dear Ms. Manzano:

This letter responds to your requests for further information regarding our November monthly, December monthly and Year End reports.

The contributions to HRCF PAC on the November report from Credit Union One and Sederlaguens Inc., were the result of clerical errors at the company that processes our income. We had informed this company that no corporate contributions are to be made to our federal committee account and this information was not detected by our staff. These contributions have been transferred out of our federal account and steps have been taken to ensure that similar errors do not occur in the future.

There are several contributions that appear to have been, through inadvertent clerical error, designated to the wrong election. Internal records support the correct designations in each case. The 10/18/94 contribution to the Oberly for US Senate Committee on the November report which appears to exceed the legal limit for the primary designated contribution was intended as a general election contribution, but not marked.

The contribution to the Elizabeth Furse for Congress Committee did exceed the limit by \$500. That contribution was redesignated to 1994 primary debt when we discovered our error on November 4, 1994 – three days after the last contribution was made (please see attached letter).

The debt retirement contributions to Ken Bentsen, Bill Luther and Ron Coleman were incorrectly designated on the report. They should have been designated for primary debt retirement, instead of general election debt retirement.

We are amending all pertinent reports on which these errors were made.

With regard to the identification of each contributor, we are following best efforts in
